

# COMMUNICATION & LITERACIES

How might we inspire  
expression to make  
meaning of the world in  
playful and engaging  
ways?

I am discovering that I have a voice and that it matters. I am learning ways to share my ideas and needs in many different ways, especially when we spend time playing together.

### Ideas to help me grow!

- Listen to my stories
- Sing songs with me
- Encourage me to play make-believe
- Teach me to use technology in positive ways

### Guiding prompts:

- What can you share about what you know and wonder?
- What marks can you make that have meaning?
- How many ways can you express a single idea?
